THE FINE PRINT: 1. All plans are subject to a 24 month agreement. Early Termination Fees (ETF) apply and will be calculated at 50% of the Monthly Access Fee multiplied by the number of months remaining on the agreement. Plans are subject to availability at your location. If you downgrade your broadband plan, a \$40 administration fee applies. 2. You will be supplied with the fastest speed available at your location - ADSL2+ or ADSL where ADSL2+ is not available. Actual speeds vary due to a number of factors including network configuration, line quality & length, exchange type, customer premises interference, traffic, equipment and software. 3. Included data is based on the greater of the uploaded or downloaded traffic. Excess Data will be charged at \$0.01/MB. 4. Monthly Access Fee is charged in advance and is the minimum amount you pay each month for your broadband service, regardless of your usage. Monthly Access Fees and Included Data are subject to a pro rata calculation in your first month of activation. Any unused data expires at the end of each billing period. 5. Bundled Monthly Access Fee applies when you have an active Commander broadband and Commander office phone service on the same account. If you cancel or move your office phone service, the Stand Alone Monthly Access Fee will apply to your broadband plan. 6. A once-off Set-up fee applies only to Stand Alone plans and will be charged on the first invoice. 7. Total Minimum Cost is calculated over 24 months and includes Monthly Access Fee, and a \$99 Set-Up Fee for Stand Alone Broadband plans. 8. Total Minimum Cost for Bundled plans is calculated over 24 months and includes Monthly Broadband Access Fee plus \$34.95 Monthly Access Fee for a Smart Biz Access PSTN office phone plan. 9. For full terms and conditions of individual plans please refer to the Commander website. The services set out in this rate sheet are provided pursuant to the Commander Standard Form of Agreement (SFOA). The Commander SFOA can be found at www.commander.com/Customer-Terms. 10. \$19.95 shipping and handling fee applies to the optional modem. 11. Pricing is inclusive of GST.
