**THE FINE PRINT:** 1. Service delivered over the Optus 3G & 4G Plus Mobile Network and subject to availability. A compatible 3G/4G Plus device is required for network access. Data speeds will vary in different coverage areas. For details, visit [commander.com.au/mobiles/mobile-coverage](http://commander.com.au/mobiles/mobile-coverage) 2. All plans are available on a month-to-month SIM Only agreement with a BYO (bring your own) device. The operation of BYO devices, and any repairs to it, is your responsibility. If you choose to use the service with a BYO device, Commander may not be able to provide you technical support for that particular device and reserves the right to refer you to the device manufacturer for technical assistance at your own expense 3. Both upload and download data is counted towards your monthly Included Data. Excess data usage beyond your included value will be charged at \$10/GB and applied as Automatic Top Ups 4. Devices are available from Commander on 24-month plans. Total Minimum Cost over 24 months includes plan's Monthly Access Fee plus any applicable device Monthly Repayment Option (MRO) over the contract term. Alternatively, devices can be purchased Outright on month-to-month plans **General:** Early Termination Fee (ETF) applies and is calculated at 50% of the Monthly Access Fee multiplied by the number of months remaining of the agreement term, plus any remaining MRO payments. Monthly Access Fee is charged in advance and is the minimum amount you pay each month, excluding excess data charges. Monthly Access Fees and Included Data are subject to a pro rata calculation in first month of activation and expire at the end of each billing period. International Roaming and SMS are not supported on this product. Pricing is inclusive of GST and is correct as of 1st March 2017.
